

SURAJ NAIR

React Frontend Developer

Pune, Maharashtra, India

+91 9405236549 | surajnair9698@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Frontend Developer specializing in React.js and modern JavaScript (ES6+), with experience building scalable, high-performance web applications and interactive dashboards. Skilled in Next.js, REST API integration, and responsive UI development using Tailwind CSS. Currently expanding into full-stack development with Node.js, MongoDB, and modern authentication systems.

SKILLS

- Frontend:** Next.js, React, JavaScript (ES6+), HTML5, CSS3.
- Backend:** Node.js, Express.js, Firebase, REST API, Server-Side Rendering
- Database:** MongoDB.
- State Management:** Context API
- Styling & UI:** Tailwind CSS, GSAP, Responsive Design
- Visualization:** Recharts
- Routing and Navigation:** Next.js App Router, React Router.
- Architecture:** Component-Driven Architecture, Performance Optimization
- Tools & Workflow:** Git, GitHub, Vite, NPM, Webpack, Figma
- AI-Assisted Development:** ChatGPT
- Soft Skills:** Strong debugging expertise, problem-solving, cross-functional team collaboration, adaptability

RECENT PROJECTS [GitHub](#)

Corporate Classified (React.js | Tailwind CSS | Firebase)

- Developed an internal employee networking platform to improve collaboration, communication, and knowledge sharing.
- Implemented **Authentication** and **Protected Routes** for secure access control.
- Developed a scalable, component-driven architecture using **React.js**, with **Context API** for global state management.
- Used **React Router** for seamless navigation and an improved user experience.
- Collaborated in an **Agile environment** to design, build, and deploy new features efficiently.

Crypto-Rin [Cryptocurrency Tracker](#) (React.js | Tailwind CSS | CoinGecko API | Recharts)

- Built a responsive cryptocurrency tracking platform displaying **real-time market data**.
- Integrated **CoinGecko API** to fetch live prices, market statistics, and historical data.
- Implemented **Context API** for efficient global state management and reduced prop drilling.
- Developed **interactive price charts using Recharts** for trend analysis and visualization.
- Added **search, filtering, and expandable coin views** to enhance user experience.

Nexora (Next.js | Tailwind CSS | MongoDB)

- Developing a full-stack web application using **Next.js App Router** with support for client-side and server-side rendering
- Implemented secure authentication using **NextAuth.js with Google OAuth** and protected routes
- Built **CRUD functionalities** with MongoDB for dynamic, data-driven content management
- Utilized **Context API** for efficient global state management and reduced prop drilling

PROFESSIONAL EXPERIENCE

Cloud Counselage – Pune, India

July 2024 – Jan 2025

- React Developer Intern**
- Built **20+ reusable UI components**, improving development speed and consistency
- Designed **component-based architecture** with Context API for state management
- Enhanced **performance and responsiveness** through UI optimizations
- Integrated **Firebase authentication and real-time database**
- Developed **responsive UIs** using React.js and Tailwind CSS
- Collaborated on **scalable components** and frontend modules
- Debugged and optimized features using **browser dev tools**

Cognizant Technology Solutions – Pune, India

Dec 2022 - Dec 2023

- Programmer (SAP Basis & Security)**
- Supported enterprise SAP **systems administration and security operations** in a production environment.
- Managed **system monitoring, upgrades, and performance optimization** to ensure system stability and reliability.
- Assisted in **user access management, transport management, and incident resolution** for SAP landscapes.
- Programmer Trainee**
- Completed in-depth training on SAP Basis and Security principles.
- Participated in extensive cloud computing training to enhance technical proficiency.
